

# **VOLVO CERTIFIED REBUILD PROGRAM**

# Extend the life of your Volvo

Why replace when you can rebuild? Give your hardworking equipment the makeover it deserves while protecting your finances and the environment. By restoring your existing asset, Volvo Certified Rebuild Program optimizes your budget and the long-term value of your investment. Rediscover the strength, durability and power built-in to your Volvo machine.

## Lower costs

Reducing your total cost per hour by 8%, allowing you to get the most from your existing assets, optimize your cash flow and extend your budget.

## Certified quality

Get back on track more efficiently in your newly rebuilt machine, delivered on time by your certified Volvo dealer, with you every step of the way to plan machine restoration according to your schedule. Get all the quality and assurance from a certified offer, full Volvo warranty and control the downtime of your machine, built and rebuilt by Volvo.

## Tailor-made to meet your needs

Take your pick from a range of flexible Volvo Certified Rebuild packages, to get your asset working like new. We'll consider everything – from your budget and machine status to your business objectives and applications – and customize an offer that optimizes the value of your investment.

## Primed for performance

Get your machine back to its peak performance with Volvo Certified Rebuild Program designed to help you maximize productivity. Your rebuilt equipment will operate almost as if it had just left the production line.

# A FRACTION OF THE COST OF A NEW MACHINE

Bring your Volvo back to its best without compromising your budget or bottom line. Large or small, we'll find and fill the gap in your machine's performance at a fraction of the price of a new model. Rediscover your equipment's built-in Volvo quality, restored by Volvo Certified Rebuild Program for ultimate machine availability that withstands the test of time.

# Built and rebuilt by Volvo
